

RTV Centre
Moscow

Authorisation Letter

To Whom It May Concern,

IMT with its trading brands Nucomm, and RF Central confirm that Radio and Television Research & Technology Center LLC of Moscow Russia, Studencheskya 33-34 (hereafter known as RTV Center) are an authorized sales and service agent for Nucomm Broadcast microwave systems and products in the territories of Russia and the CIS.

RTV Center are responsible for both sales promotion and the provision of high-level support services to customers in these regions on behalf of Nucomm. Nucomm will support RTV Center fully in these sales and after sales activities.

Yours faithfully,

Stuart Harvey.

International Sales Director
